

Providing hope, conquering addiction, healing families.

## September is National Recovery Month

With more than 50 years of experience, Recovery Resource Council's mission is "to promote wellness and recovery from alcohol, addiction, and mental health issues" in Tarrant and surrounding counties.

With YOUR help, we can increase our capacity to provide prevention programs to at-risk youth throughout Tarrant County, broaden our ability to connect our neighbors seeking treatment, and serve veterans and their families through our unique family-focused counseling programs.

Support National Recovery Month by helping "Build Resources for Recovery"  
visit [www.recoverycouncil.org](http://www.recoverycouncil.org) or call Cory Henderson, Director of Development, at 817-332-6329
